## WORK EXPERIENCE

### Learning React Js

2024 - PRESENT

Tops technology

- As a React JS developer, I have gained essential skills to build dynamic, high-performance web applications using React.js, a popular JavaScript library for front-end development. I am proficient in core concepts like components, state management, props, hooks, and routing. Through hands-on projects, I have developed the ability to create interactive user interfaces and efficiently manage application states.
